

LetUsPray Growth Platform OS

Vision

Expand LetUsPray from a guided prayer application into a complete Christian spiritual growth platform while keeping Scripture and prayer at the center of every experience.

Core Modules

1. **Faith Milestones** – Spiritual milestones, progress, Bible verses, dates earned.
2. **Prayer Wall** – Public/private prayer requests with “■ I Prayed”.
3. **Answered Prayers** – Prayer requests linked to testimonies of God's answers.
4. **Testimonies** – Stories of God's faithfulness with Scripture and optional media.
5. **Personal Prayer Journal** – Private prayers, reflections, moods, and Scriptures.
6. **Faith Profile** – Prayer streaks, milestones, journeys, testimonies, answered prayers.
7. **Community Feed** – Prayer requests, testimonies, answered prayers.
8. **Church Communities** – Churches, ministries, groups, family prayer spaces.
9. **Encouragement** – Faith-centered reactions: I Prayed, Amen, Praise God.

Design Principles

- Scripture remains primary.
- Prayer is the believer's response.
- Encourage, never gamify.
- Community supports prayer.
- Apple-inspired, calm, minimal design.
- Minimal gradients. Maximum elegance.
- Reusable architecture for iPhone, iPadOS, and macOS.

Information Architecture
